ICO performs three main functions:

- As a **National Promotional Bank**, it provides financing to companies, with special emphasis on SMEs and self-employed:
  - Second Floor Facilities, channelling financing through financial entities
  - Direct Financing, directly requested by companies to ICO
  - Financing through venture capital funds managed by AXIs
- As an **instrument of economic policy**, it implements joint initiatives with ministries and national organisms and it channells EU resources.
- As a **State Financial Agency**, it manages public funds and instruments aimed at promoting internationalization, development cooperation, territorial financing and aid to those affected by economic crises or natural disasters.

- Internationalization of Spanish SMEs
- Promotion of entrepreneurship
- Building refurbishment
